VERDON TOUR

30 april
1 day / 25 km

REQUIRED LEVEL

ROUTE

The participants will arrive on Saturday morning then enjoy a free outing on the lake all day long, in order for everyone to adapt its planning and pace.

The tour starts on the Galetas beach in Aiguines, leads towards Salles-sur-Verdon along the banks then around the Costebelle Island.

After a 18 km long tour on the lake you will go back up Verdon's gorges for 3 km or so and admire a wonderful landscape where you may have the opportunity to glimpse at wild species such as the Grey heron or deer on the hillside and admire a beautiful waterfall.

SIGHTSEEING

Sainte-Croix-du-Verdon is an emerald colored lake surrounded by lavender fields and ancient olive trees, and is cradled by the tales coming from depths of the sunken village of Salles sur Verdon.

This tour takes place on one of the most beautiful lakes in France (2200 hectares), which is a successful example of wilderness preservation with its emerald and sapphire - colored waters, very calm.

Heat engines are not allowed to navigate.
